

New Year's Resolutions for you

Looking forward to **2014**

My **ONE WORD** is:
BRAVE

WANT What I really want in 2014 is:
To be happy and find joy in everything.
To chill out.
To be less critical of myself.

NEED What I really need in 2014 is:
To simplify. To have more patience and
less yelling. To get better organized. Really.

SHARE What I will share in 2014 is:
My time at school. RAO's as often as
possible. My love to everyone I come
in contact with. Smiles for Dad.

SUCCEED In 2014 I will succeed at:
Simplifying. Clean up the crud.
Figure out better how to prioritize.
