

Pin the tail on the donkey

Please recycle to help the earth.

How to play

- 1 Cut out the donkey picture, tails and blindfold.
- 2 Put Blu-Tack on the back of each tail. On the blindfold attach some string or elastic through the 2 holes shown.
- 3 Stick the cut out donkey picture to the wall. *Now you're ready to play!*
- 4 Put the blindfold onto the first child and spin them 3-5 times. Point them in the right direction and ask them to place the tail on the donkey.
- 5 You can either remove the tail for the next child's turn, by leaving a mark where it was placed (e.g. by writing the child's name) or you can have a tail for each child with their name on already.
- 6 Continue until everyone has had a turn. The child nearest the correct spot wins the game!
