

A decorative border with diagonal pink and white stripes surrounds the central content area.

Recipe: Pink Stripe Recipe Card Printable

Bake Sale Flyers.com

This is a free template for a 4x6 recipe card in Microsoft Word document format. You can type information directly onto the card and then print onto 4x6 photo paper or blank index card stock. If you would prefer to write out your instructions, then just print them blank. Set printer to "borderless" so you don't get a white edge.
