Foundations for Green Team Success	Actions	Point Scale				Score
		4 Striving for Excellence	3 Fully Functional	2 Building the Foundation	1 Getting Started	
Resolution		Your community is registered with Sustainable Jersey and has passed a resolution of support. A resolution has been passed to establish your Green Team.	Your community is registered with Sustainable Jersey and has passed a resolution of support. Green Team members have been identified and the general concept of the team has been approved. The resolution has not yet been written..	Your community is registered with Sustainable Jersey and has passed a resolution of support. Green Team is in the initial stages of development.	Your community is not registered with Sustainable Jersey. There is some level of interest/commitment for green initiatives in the town to support the concept.	
Sense of Purpose		Everyone involved has a clear sense of purpose and the roles and responsibilities of the group are clearly delineated, as evidenced by an official mission statement.	The group is unified in its understanding its purpose. Plans to create a mission statement are underway.	The group is engaged in meaningful and productive conversation to determine its purpose. Members generally feel positive about the direction of the team and are committed to working out the process.	The group is not unified in its understanding of its purpose. Members express frustration with the process and drop-outs are common.	
Leadership		There is a clearly defined leader of the Green Team, whose role and responsibilities have been determined and documented.	A member of the Green Team has been acting unofficially as the leader with positive results.	There is no defined leader, but multiple members have divided up the roles/responsibilities with adequate results.	There is no defined leadership of the Green Team or it is under dispute, with conflict in evidence during meetings.
