

The CROSSROADS Project
Summer 2004

UNIT COVER PAGE

Subject: Mathematics **Grade Level (Circle):** 3 4 5

Unit Title: Magnificent Mathematicians DAP 4

Description: Students will use various methods to compare graphs.

Math Standard: Data Analysis and Probability

Grade Level Indicator: Compare different representations of the same data to evaluate how well each representation shows important aspects of the data, and identify appropriate ways to display the data.

Duration: Approximately 5 to 7 days.

Creators (Design Team Members): Vickie Hall and Sharon McConnell
