

### "Hi Gary,

The children in the young Tooth Fairy  
On this off-the-special night,  
To travel the Anderson at-speed  
Over team of winged knight.  
Gather we bring, per tooth you've gained,  
But a choice you need to make,  
Myself of Ireland, just check the box  
Or choose another toothfairy the fine sight  
America, every-where the rest  
Or Miss Britain's border lands  
Just maybe Egypt, strength of the place  
Australia's wailing Indian river birds  
Our Chinese Fairy, to the sticky sweet tea  
choose my friend, magic等着 you!
