HOW TO SONIC®

DRIVE THRU

Enter SONIC® and follow the drive-thru signs and arrows until you reach the preview board. Proceed to the menu ordering board and place your order with our friendly crew member when they come over the speaker. After you are done placing your order, pull around to the next window to pay and receive your order. Follow the exit signs and arrows out of the SONIC® Drive-In lot. Enjoy!

NOTE: If you have a small, simple order in the Drive-thru lane and are a few cars back in line, your order may be "HOPPED OUT" of the Drive-thru waiting line by one of our friendly carhops in order to save time. The carhop will direct you out of the line to relieve any unnecessary waiting and deliver your small order to you personally! This process keeps you from waiting in line behind those who have larger orders.
