

Chinese Alphabet?

There is no such thing as a Chinese alphabet. But, just for fun, we have selected authentic Chinese characters that look something like the letters of the English alphabet. You can use these "letters" to write in code . . . and no one but you and others with the code can read your secrets!

If you want to know what the "alphabet" characters mean, you can visit: <http://goodcharacters.com/chinese-alphabet.html>
