

MY THANKSGIVING PIE

One of the best parts of Thanksgiving is having pie for dessert.

My favorites are noun and noun pie,
though I know lots of people like noun pie and even
 adjective noun pie. My family member
 adjective

makes their own pie crust using plural noun
 adjective and noun and it tastes so
 family member verb pies in
 noun the number for minutes and it comes
out smelling adjective family member's. I like to have plural noun
 noun pie with vanilla noun on top, or
fresh whipped noun.
