

I keep your food both cold and neat,
With milk and snacks and tasty treats.
Open my door and take a look,
Your egg is hiding where we cook!

I have four legs but cannot walk,
You sit on me when you eat and talk.
Look underneath, don't be slow.
Your Easter egg is down below!

I shine so bright when it is dark,
Helping you see from dusk till spark.
Flip the switch and take a peek,
Your egg is hiding at my feet!

You wear me when you go outside,
On rainy days I'm your dry guide.
Check near where your shoes all stay,
Your Easter egg is there today!
