

Spring Brain Teasers

Read each brain teaser carefully. Think about the clues and write your answer on the line.

I am yellow and grow in the spring.
Bees love to visit me for nectar.

What am I?

I grow on trees again after winter.
I am green and help trees make food.

What am I?

I fall from the sky in the spring.
I help flowers and plants grow.

What am I?

I am colorful and appear
in the sky after rain.

What am I?

I start as a tiny egg.
Then I become a caterpillar,
then a chrysalis, and finally I fly.

What am I?

I carry pollen from flower to flower.
I buzz when I fly.

What am I?

I hop in gardens and say "ribbit."
I love ponds and rainy days.

What am I?

I am a baby sheep often
seen in spring.
