

PROBLEM SOLVING

Directions: Solve each problem below!

1. Personal Pets

Anna, Ben, and Clara each own a different pet (Cat, Dog, Bird).
Anna does not own the Dog, Ben owns the Cat, Clara does not own the Bird.

Question: Who owns which pet?

2. Find the missing number:

2, 6, 7, 21, 22, ____, ____

Answer:

3. The Elevator Problem

A man lives on the 10th floor. Every day he takes the elevator to the ground floor to go to work. When he returns, he takes the elevator to the 7th floor and walks the rest, except on rainy days when he goes all the way.

Question: Why?

4. Rearrange the letters to form a meaningful word:

LEPPA = _____
RABNI = _____
VLOSE = _____

5. Decision Making

You receive two job offers:
Job A: Higher salary, long hours
Job B: Lower salary, better work-life balance

Question: Which do you choose and why?
