

# The Creation

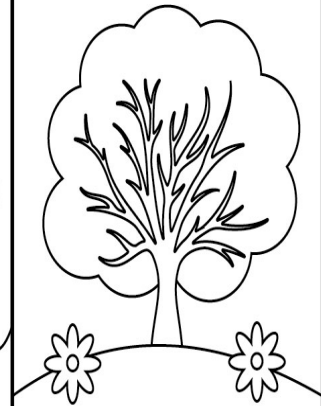

## Genesis

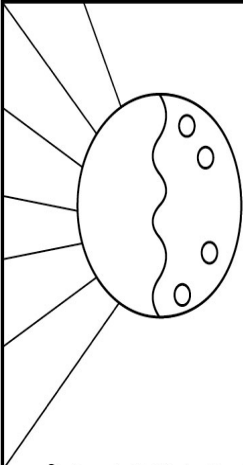

The earth was empty and dark. God said, "Let there be light," and light appeared.

God said, "Let there be a space between the waters." He made the sky (heaven).

God gathered the waters together so dry land could appear. Plants and trees began to grow.

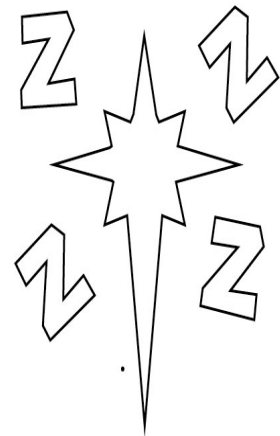

God made lights in the sky, the sun for the day and the moon and stars for the night.

God filled the seas with living creatures and made birds to fly in the sky.

God made land animals of every kind. Then He made people in His own image.

God finished His work and rested from everything He had made.
