Teaching Tips:

ALPHABET : LEARN TO WRITE

Using this file

You are allowed to make copies of pages for non-commercial classroom and home use.

This interactive worksheets will help your students to learn about the correct formation of letters.

Guide your students by following these directions to finish the worksheet.

1. Let them take their seat and prepare their stationery needs on the table neatly.
2. Ask your students to trace the drawing and write their name at the top of the worksheet page.
3. Guide your students by assisting them verbally to start by putting their pencil on the first letter as it is shown with a circle.
4. Tell your students to follow the lines on the first letter in correct formation with their pencil. It can be a stroke down, back up or curve around.
5. Let your students complete each line of letters by using this technique then guide them to write on their own.
6. Be sure to accompany your students completing the worksheet
Students are allowed to add more details on each picture.
Students can add their own writing of a line for each focus letter.
